

NAPA AUTOTECH TRAINING

Course #**6510**

Tool Usage to Increase Diagnostic Efficiency

GOAL: Class discussion will be centered on efficiently using the tools shops already have or should have.

Hook ups, shortcuts and ideas to work smarter in the shop.

Topics: Enhance your scope skills, learn how to effectively use triggers
Learn the reasons you can miss a glitch by using the wrong settings

Technicians always want to know how to hook up specific tools, this class is that class. Technicians should be prepared to ask questions and learn the benefits of the tools discussed in class. They should come away with more confidence and abilities that will grow their skill sets.
